

**The Foundation For Tomorrow**  
empowering the future of developing nations

## WHO WE ARE

The Foundation For Tomorrow (TFFT) believes in the power of education and that geography should not dictate an individual's potential. TFFT's mission is to secure quality education and emotional support for orphans and vulnerable children so that they may reach their full potential and thrive in their communities. We envision a world where orphans and vulnerable children contribute to society as active and empowered citizens free of exclusion, disadvantage, and vulnerability.

## GET INVOLVED

## WHY WE DO WHAT WE DO

There are nearly 2 million orphans in Tanzania today, and almost half of the population is under the age of 15. Unsupported orphans and vulnerable children are about twice as likely to drop out of school than non-orphans and vulnerable children.
